

St. Ethelbert's Catholic Primary School and Nursery

★ Enjoy Learning Winners

★ Competition Winners 8TH June

Thank you to all of the children who took part in the Enjoy Learning task sharing the different things that they have been learning at home!

- R:** Lewis Messenger & Alessandra Legaspi
YR1: Zuzanna Tomaszewska & Harper Butler
YR2: Jasmine Singh and Filip Kempa
YR3: Dawid Tershalla & Matthew Ethan Gumarang
YR4: Max Matuszewicz & Jessica Gill
YR5: Maja Slomczewska & Taia Butler
YR6: Bradley Chakaodza & Che Saini

Ride the scooter

Reception Winners

...d - it affect...
 world, including our country. Many people
 really get sick because at home they control
 the virus and save lives. I always do every thing
 to say thank you to NHS. I am very proud of
 my daddy as being part of it as a nurse
 looking after sick people to get better. I
 also put a rainbow on our door for all of the
 keyworkers.

I have learned a lot of things
 during this lockdown. Now I know how to
 write sentences.

I learn...

COURT
 cut vegetable
 ride a bike
 to be more independent and more mature

In lockdown I have
 learned to bake
 cookies with my mum.
 It was so much fun.
 I turned water into
 blocks of ice and
 had a toy in each
 one. I went paddling
 when it was hot
 made me so cool.

I am at home but
 I am still learning.
 I'm learning to
 count a clock.
 I'm learning to count
 fractions and
 money. I am learning
 to cook pan cakes
 with jam. Every day
 I'm going for a
 walk with my dog.
 we are discovering new
 places and then
 play the games.

miss my school my
 friends, my teachers and
 our common adventures.

Dear teachers

I would like to share with you
 some activities and things I've
 been doing while on lockdown.
 I've been practising my maths
 because I never been great in it
 but now I can say that I'm much
 much better. I've been cooking,
 baking and playing with my new
 pet cat.

I hope that everyone keeping healthy
 and safe.

Good Bless
 Jasmine
 Singh

Dawid Tershalla's Post 3y
 Poem

Lockdown is boring,
 There is no more fun,
 Can't see my friends, teachers...
 No more good time!
 When school was open
 I was very good
 Now days I just don't know what to do.
 I pray every evening
 for virus to go away,
 But still many people
 die every day.
 Please God help...
 I don't want more virus cases,
 I just want to see again
 The people smiling faces!

ENJOY
 LEARNING!

Dear Mrs Harrison and Miss Mercat

Good day! I'm hoping both of you
 are doing well. Since the lockdown there are
 a lot of things and changes happened.
 While I'm at home I really enjoyed spending
 quality time with my parents even though
 they work different shifts. I was able
 to play with my toys anytime. Also
 I learned new things such as planting,
 cooking, baking, cleaning, being organize and
 so much more!!! For me the best part
 of the lockdown is helping my
 parents in doing household chores,
 being patient at all times and
 studying hard. During this time I've
 achieved a lot of tasks including
 my online school assignments
 with a proud of myself.

Y3 Winners

I got very good at football. In football I am good at striking and defending. I was going to the park very often with my brother to play football and I improved a lot since year 3. Striking mean you have to score a goal for your team and defending mean you defend the goal from the strikers of the opposing team. I hope I can be on the school football team very soon.

To everyone at school:
I've actually mastered how to do 2 things, and I will list them below:
1. The 1st thing I've mastered is how to draw heads. I know it sounds weird, but it's true! When you draw a head, it's not actually just a circle that has eyes, a nose, a mouth and probably some eyelashes. If you stick around and go onto the 2nd slide, you can see a step by step on how to draw a shape of a head, made by me, Jessica Gill.
2. The 2nd thing I've learnt to master in this "Quarantine Time" is how to control my anger and not take it out on a person, and stay positive (But this is only sometimes). *giggles* Just take a few deep breaths and, your G.T.G! (G.T.G means good to go and got to go).

During lockdown I've had plenty of time to spend with and grow my mind. Even without school I still feel clever but sometimes it's hard when we have nice weather. I used to struggle especially with fractions but I loved it and put my mind into action. My maths has got better and I think it's cool. It's nice to have time at home. I still miss school I have come to my mum but playing with my sisters are so much fun.

IHS LOCKDOWN

Y5 Winners

I have enjoyed learning about forces as they teach me a lot.

I learnt new dances on PE and it was very fun too.

S	o many fun homeworks to do
M	More and more everyday
I	t isnt the same as school but it is still fun
L	et us learn more but more fun
E	njoy is the word that we feel when we do these homeworks

I played with my family by baking some stuff and we had bbq and we had some of uncles of to enjoy it with us .

Y6 Winners

Ché's new learning.

In lockdown I have enjoyed learning,
In lockdown it was something new,
It was fun when it wasn't burning,
I have learnt a few!

My first dish was chicken noodle,
Like curly hair of a poodle,
But it was super yummy,
All of it went into my tummy!

I've made chocolate cake and brownies,
Scrambled egg and buttered toast,
Some interesting salads,
But nutella crepes I love the most!

Cooking is fun and thats what its about,
Dont worry sometimes it doesnt work out,
But you should all give it a go,
Because when it works your tummy sings yippee-yi-yo!
